with 30" fluid steel barrels

Parker Bros. and L.C. Smith were among the great American doublegun makers from the late 1800's to early 1900's. Both guns have been fully restored by Piedmont Community College Gunsmithing Department (PCC) Faculty, with color case hardening of the actions, stock refinishing and recheckering, and slow rust blue process for the barrels by Mr. Trevor Rice from De Soto, MO. PPC., ensuring they will continue to serve well for another 100 years!
